General Information

The College of Liberal Arts of The American University will begin its tenth year on Saturday, September 15, 1934. All new freshmen are required to be present on that date for registration for Freshman Week at 4:00 p. m., in Hurst Hall.

All students who are entering the College for the first time, whether as freshmen or with advanced standing, are required to take an examination in English (see p. 16) on Tuesday morning, September 18, at 8:15 o'clock, in the Assembly Room in Hurst Hall.

Formal opening exercises, with an academic procession, will be held in Metropolitan Memorial Church, the College Chapel, on Wednesday morning, September 19, at 9:30 o'clock. Chancellor Gray will give the address. The attendance of all students is required.

All classes will meet for ten minutes each on Wednesday, beginning at 11:00 o'clock (see page 17). Regular sessions begin Thursday morning, September 20, at 8:05 o'clock.

On Friday, September 21, at 2:30 p. m., all new students are required to take a psychological examination in the Assembly Room in Hurst Hall. Individual pictures of all new students will be taken in Room 105 on Saturday morning, September 22, beginning at 9:00 o'clock.

Freshman Week

All freshmen entering the College this fall are expected to participate in the Freshman Week Program as outlined below. The program provides unusual opportunities for the entering freshmen to become acquainted with each other and with college life in which they are to play a most important part.

- 8:15 p. m. Big Brother-Big Sister Party in Gymnasium.

Special Railroad Rates

The leading railroads of the country have announced for 1934-35 especially reduced rates for students from home to college and return, to cover the opening of college, the Christmas and spring vacations, and the commencement period. Students interested should consult local railway agents.

Admission

Students who have not already filed their applications and credentials for admission to the College should do so at once. Registration cannot be made or classification determined unless applications are received before the opening days. The Faculty Committee on Admissions will pass upon all applications and credentials. The necessary blanks may be secured from the office of the Registrar.

Students will not be admitted to the College after Monday, October 8.

Physicians' Certificates

The faculty requires the complete health record of each entering student. In accordance with this provision, each new student must secure from the Registrar's office a health blank to be filled out by the family physician and mailed by him to the Registrar of the College.

Directions for New Students

How to Reach the Campus. Students who come to Washington by train will arrive at the Union Station. In order to reach the Campus, it will be necessary to take a street car to Dupont Circle and to transfer there to a Wesley Heights or American University bus, which leaves 18th Street and Pennsylvania Avenue at fifteen-minute intervals until 8 p. m. and at half-hour intervals from 8 p. m. until 12 a. m. The bus passes the Campus on Nebraska Avenue.

Baggage. The university will deliver trunks for a fee of seventy-five cents, if the baggage checks are left at the office of the Bursar.

Mail and express. Mail and express should be addressed to American University Campus, Massachusetts and Nebraska Avenues, Washington, D. C. All mail will be delivered from the College post office on the lower floor of Hurst Hall.

Books. All textbooks and other supplies may be secured at the Students' Supply Store, on the lower floor of Hurst Hall.

Opening of Dormitories and Dining Room

Rooms in the Women's Residence Hall and in the Men's Dormitory will be ready for occupancy for freshmen only on Saturday afternoon, September 15. The first meal for freshmen will be served Saturday evening.

The dormitories will be open to other students beginning Monday afternoon, September 17. No upperclass students will be permitted to occupy their rooms in the dormitories before that time; nor will they be permitted to take meals in the College dining room before dinner on Monday evening, September 17.

Women's Residence Hall. Upon arrival the young women will go to the Residence Hall, where they will receive their room assignments.

Each woman should bring sheets, blankets, and other covers for single beds, pillow cases, and towels. Each piece should be carefully marked with the owner's name. Curtains are supplied by the University. Rugs and additional window draperies must be provided by the students who desire them.

Men's Dormitory. The young men who have been assigned rooms in the Men's Dormitory will go to the Bursar's office to secure their room assignments.

Each man should bring sheets, blankets, and other covers for single beds, pillow cases, and towels. Each piece should be carefully marked with the owner's name. Rugs and window draperies must be provided by the students who desire them.

Laundry. The University will be responsible for laundering a limited number of sheets, pillow cases, and towels each week. Personal laundry will be looked after by the students themselves.

Board. All students, both men and women, will take their meals in the University dining room on the ground floor of the Women's Residence Hall. The first regular meal to be served will be dinner at 6:15 o'clock on Monday, September 17. The regular hours for meals are as follows: breakfast, 7:15; luncheon, 12:00-12:50; dinner, 6:15. On Saturday, breakfast is served at 8:00 o'clock; luncheon, 12:00-12:30. On Sunday, breakfast is served from 8:15 to 8:45, dinner at 1:30, and tea at 6:00.

The men will use the north entrance to the dining room.

Personal Belongings

The University does not assume responsibility for any personal belongings left in the dormitories, in other college buildings, or in the lockers.

Examinations for New Students

In accordance with the announcement in the Catalog, all new students in the College are required to take an examination in English in the assembly room of Hurst Hall, on Tuesday morning, September 18, at 8:15 o'clock. Those who fail in this examination are required to register for English 101A. A fee of three dollars will be charged for this examination if it is taken at a later date.

All new students are required to take a psychological examination in the assembly room of Hurst Hall on Friday, September 21, at 2:30 p. m. A fee of three dollars will be charged for this examination if it is taken at a later date.

These examinations are part of the admission requirements.

Condition Examinations

Special examinations to remove conditions received in courses during the year 1933-34 may be taken on Monday or Tuesday, September 17-18, at 2:00 p. m. Only one examination may be taken to remove a condition in a given course. A fee of three dollars, payable in advance at the Registrar's office, is charged for each special examination. Students who plan to take special examinations should notify the Registrar not later than September 1.

Pictures of All New Students

Individual pictures of all new students in the College will be taken at nine o'clock on Saturday morning, September 22, in Room 105 in Hurst Hall.

Opening Exercises and Daily Chapel

All students are required to be present at the opening Chapel on Wednesday morning, September 19, at 9:30 o'clock, in Metropolitan Memorial Church.

First Meeting of Classes

All college classes will meet for the first session on Wednesday morning and afternoon in the rooms announced in the schedule. Classes will meet only for roll call, assignment of lessons, announcement concerning textbooks, etc.

Period 1	classes meet at 11:00 a. m.
Period 2	classes meet at 11:20 a. m.
Period 3	classes meet at 11:40 a. m.
Period 4	classes meet at 12:00 m.
Period 5	classes meet at 1:20 p. m.
Period 6	classes meet at 1:40 p. m.
Period 7	classes meet at 2:00 p. m.
Period 8	classes meet at 2:20 p. m.
Period 9	classes meet at 2:40 p. m.
Period 10	classes meet at 3:00 p. m.
Period 15	classes meet at 3:30 p. m.
Period 16	classes meet at 3:50 p. m.
Period 17	classes meet at 4:45 p. m.
Period 18	classes meet at 5:05 p. m.

Classes will meet regularly according to the printed schedule, beginning Thursday morning at 8:05 o'clock.

Special Regulations

The attention of all students is called to the following special regulations. Students who are not in sympathy with these regulations should not register in the College.

1. Hazing, of all forms, is strictly forbidden, as is also gambling and the use or possession of alcoholic beverages.

2. Smoking is forbidden on the Campus and in or about college buildings. Young women living in the dormitory are expected to refrain from smoking also in the environs of the Campus.

3. Students living on the Campus are not permitted to maintain pleasure automobiles or motor cars. Students living elsewhere may maintain automobiles only by special permission of the Faculty. Each automobile owned or operated by students must be registered in the Bursar's office.

Students living at home are exempt from automobile restrictions except by special action of the Faculty.

Absences

Students are expected to regard as their first duty the satisfactory completion of the studies they undertake. To this end the individual student himself must assume large responsibility. Students who show themselves capable of directing their lives at college, as reflected in scholastic achievement, naturally may expect considerable freedom regarding their program of work. With these ideas in mind the faculty has adopted the following regulations governing absences:

1. Students whose grade index for a given semester is below 4 are required to attend regularly all college classes and laboratory periods for which they have registered; students who attain a grade index of 4 or above for a given semester are allowed unlimited absences during the semester following, except as provided in 3 below. It is definitely understood, however, that the student himself is responsible for completing the work of a course in a way that is entirely satisfactory to the instructor.
2. Each student is allowed two absences from the weekly chapel service, and three absences from the weekly Fri-

day assemblies. For each unauthorized absence, one-half credit hour will be added to the requirements for graduation and for promotion to the next academic class.

3. Students absent from classes or laboratories during the day immediately preceding or following a vacation or holiday period will be required to pay a fee of two dollars for each class or laboratory missed.
4. The operation of the rule on absences may be suspended or modified in individual cases by action of the Faculty Committee on Absences. Prolonged illness certified by a physician, regular trips for athletic contests, debates, etc., and appointment to special working positions preceding the Christmas or spring vacation will be considered as legitimate reasons for absence. Permission to be absent from the College on account of athletic trips, debates, etc., must be secured in advance of the absence. Any certificates covering absences must be presented to the Registrar within ten days after the absence.
5. Unless satisfactorily explained at the close of a recitation, a tardiness may be entered on the instructor's record as an absence.

Eligibility Requirements

To be eligible to participate in any extra-curricular activities of the College, a student must meet the following requirements:

1. He must be in good standing and must be regularly enrolled in the College for not less than twelve semester hours of work, exclusive of physical education, during the current semester.
2. During the preceding semester, he must have passed in twelve hours of work in the College, exclusive of physical education, and he must have attained a grade index for all courses for which he was enrolled during that semester of at least 2.5.
3. His minimum cumulative grade index at the close of a given semester of residence for all work previously taken in this college, exclusive of physical education, and the mini-

num number of hours credit previously earned shall be as follows:

<i>End of Semester</i>	<i>Hours Credit</i>	<i>Grade Index</i>
First	12.....	2.50
Second	24.....	2.65
Third	40.....	2.75
Fourth	56.....	2.85
Fifth	73.....	2.95
Sixth	90.....	3.00
Seventh	106.....	3.00

Freshmen.—All freshmen who attain a grade index of 2.50 at the time of the mid-semester grade report, for all work in which they are enrolled, exclusive of physical education, are eligible until the end of the first semester. Subsequent eligibility shall be determined in accordance with the table above.

Transfers.—Students transferring to the College from other institutions, except junior colleges, are not eligible during the first year. Subsequent eligibility shall be determined in accordance with the table under 3, the position in the table being determined by adding the number of hours of advanced credit to the number of credit hours taken in this college during the first semester. The grade index of transfer students, however, shall be determined only on the work taken in this college.

Probation.—Any student placed upon probation for whatever cause immediately becomes ineligible.

Eighth-Semester Rule.—A student becomes ineligible after his eighth semester in residence in college.

Method of Determining Grade Index.—In determining the grade index of a student all grades entered upon his permanent record in the Registrar's office shall be counted and evaluated as follows: Each hour of grade A counts 5; B, 4; C, 3; D, 2; I or X, 1; and F, 0. The total sum of grade points divided by the total number of credit hours attached to the courses regularly carried will give the grade index.

Time and Period of Application.—The grade index determined at the end of any given semester shall become ef-

fective at 12 o'clock noon of the eighth day of the succeeding semester and shall remain in effect for one semester, except in the case of a student who has received I's or X's at the close of the semester. When those grades are changed on the permanent record, a new grade index shall be determined that shall become effective immediately.

Activities Concerned.—Eligibility regulations are applicable to all campus activities, whether presented in a public way or not. They shall also apply to those activities which are associated with regularly registered courses of study, such as music, debate, drama, and journalism. These regulations apply also to all student elective offices.

A student who fails at the end of any given semester to meet the requirements set forth shall immediately drop all activities except his fraternity or sorority until such time as the requirements are again met.

Classification of Students

All students in the College are classified at the beginning of each semester as follows:

Freshmen.—Those who meet the admission requirements and who carry not less than twelve semester hours.

Sophomores.—Those who have secured at least twenty-four semester hour credits and who have a grade index of at least 2.65.

Juniors.—Those who have secured at least fifty-six semester hour credits and who have a grade index of at least 2.85.

Seniors.—Those who have secured at least ninety semester hour credits and who have a grade index of at least 3.00.

Special or Part-Time Students.—Those who are registered for less than twelve hours of work and who are not candidates for a degree.

Special Credits

By action of the Faculty, beginning in September, 1934, credit in Play Production (Art 205-206), in Orchestral

Music (Music 211-212), in Choral Music (Music 213-214), and in Band Music (Music 215-216) will be granted as follows:

1. Only quantity credit will be granted; no grades will be given.
2. Only one hour credit may be granted for a semester in each course; except that one additional hour may be granted by a committee composed of the Dean of the College, the Registrar, and the Director of the course concerned.
3. Credit is to be based upon an average of two and one-half hours of actual participation or practice each week.
4. The maximum credit allowed in any one course during the four years in college will be six semester hours.
5. The maximum credit allowed in all four courses during the four years in college will be twelve semester hours.
6. One year of acceptable training or participation in the work of a given course is prerequisite to any credit.

Fees and Expenses

The college year is divided into two semesters of eighteen weeks each. *The entire bill for each semester is payable in full in advance.* Students unable to pay the full amount in advance may make payments as follows: one-third in cash at the time of registration; one-third on November 1; one-third on December 1. These deferred payments bear six per cent interest per annum from date of registration. Failure to meet the deferred payments when they are due will result in exclusion from classes; reinstatement will require the payment of a one-dollar to five-dollar fee. Class attendance cards are issued only after the adjustment of the semester bill.

The bill for the first semester of the academic year 1934-35 is due not later than Wednesday, Sept. 19, 1934; the bill for the second semester is due not later than Jan. 28, 1935. Second and third payments are due March 1 and April 15.

A fee for late registration is charged if adjustment of bills is made after the dates for initial payments.

Children of clergymen are allowed a credit of \$12.50 each semester toward tuition fees; deaconesses and local preachers who have engaged in religious work are allowed a credit of \$12.50 each semester, provided they definitely intend to continue religious work as a vocation after graduation. The tuition thus deferred is covered by a promissory note that becomes payable if another vocation is followed. Two or more children of the same family are each granted a special credit of \$12.50 a semester toward tuition fees. All credit is determined on the basis of full-time work; a student who registers for less than twelve hours receives proportionate credit. These special reductions are not granted to holders of scholarships; they will be doubled if the students board and room in college dormitories; and they will be continued only if the student averages better than C in his college work.

The following table indicates the regular college charges for each semester:

Tuition for 11 to 17 hours	\$125.00
Tuition for less than 11 credit hours—each hour	12.00

Registration

Registration for all students for the first semester of the college year 1934-35 will be held in Hurst Hall on Monday and Tuesday, September 17 and 18. Freshmen will register on Monday forenoon; other students, on Monday afternoon and on Tuesday. A student who enters the College after the scheduled dates of registration will pay a fee of three dollars for late registration during the first week of the semester; a fee of five dollars will be charged for late registration after the first week of the semester. Students will not be registered for the first semester after Monday, October 8.

All students will call at the Registrar's Office, Room 101 in Hurst Hall, for registration cards. New students will make out their schedule of classes in consultation with assigned members of the faculty; old students will make out their schedule of classes in consultation with their advisers. In the selection of courses, prescribed and major studies take precedence over all others. (Consult the catalog, page 40.) After all cards are filled out and approved, payment of the term bill must be made in the Bursar's office in Battelle Memorial before registration is complete.

Amount of Work

Students are expected to carry from fourteen to seventeen semester hours each semester of the four-year course. For students who are earning a part of their expenses by employment requiring more than twenty hours a week, twelve semester hours, not including physical education, will be regarded as normal registration. The consent of the Dean of the College must be secured by students who desire to vary from this schedule. Faculty permission must be secured by unemployed students who desire to register for more than eighteen hours. As a rule, permission to carry more than sixteen hours will be given only to students who have averaged B or better during the previous semester in college. The results of the psychological examination also will be taken into account in determining the number of hours for which a student may register.

Foreign Languages

Students continuing a foreign language in which they have had two years' preparation in high school will register

for the second-year course. If they have had only one year of preparation in language, and desire to continue the subject, they are admitted to the first-year course, but college credit will not be counted towards graduation for the work of the first semester if the first-year preparatory course is used in meeting the entrance requirement.

Freshman Studies

Freshmen should register for 14 to 16 hours of work. Any variation from these limits must be approved in advance by the Dean of the College.

All freshmen must take the following courses:

English 101-102—Freshman English

Religion 101-102—Freshman Bible

Physical Education 101-102

One course from one of the following groups.

Courses from two groups are recommended:

A. *Foreign Language*—French, German, Spanish, Latin, Greek

B. *Social Science*—economics, history, sociology, political science

C. *Natural Science and Mathematics*—biology, chemistry, physics, mathematics

Elective—2-6 hours.

The following courses are open to freshmen:

Biology 101-102—General Biology

Chemistry 101-102—General Chemistry

Chemistry 103-104—General Chemistry

English 101-102—Freshman English

English 103-104—Freshman English (for those who pass the examination in English literature)

French 101-102—Beginning French

French 201-202—Introduction to Modern France (Prerequisite, two years of high-school French)

French 301-302—Literature of the Seventeenth Century (Prerequisite, four years of high-school French)

German 101-102—Beginning German

German 201-202—Intermediate German (Prerequisite, two years of high-school German)

History 101-102—Modern European History

Latin 301-302—Catullus and Horace (Prerequisite
 three or four years of Latin)
 Mathematics 101—College Algebra
 Music 211-212—Orchestral Music
 Music 213-214—Choral Music
 Music 215-216—Band Music
 Physical Education—101-102
 Physics 201-202—General Physics
 Political Science 101-102—Social Science and Citi-
 zenship

 site, two years of high-school Spanish)
 Speech 101-102—Principles of Speech
 Speech 103-104—Introduction to Argumentation

Sophomore Studies

All sophomores are required to take the following courses:

English 211-212—Sophomore English

Physical Education 201-202

One course from one of the following groups.

Courses from two groups are recommended:

A. *Foreign Language*—French, German, Spanish,
 Latin, Greek

B. *Social Science*—economics, history, sociology, po-
 litical science

C. *Natural Science and Mathematics*—biology, chem-
 istry, physics, mathematics

Electives to make a total of 14 to 16 hours

Junior and Senior Studies

Juniors and seniors should make sure that the studies chosen are in harmony with the requirements for graduation, including prescribed studies and major studies. Juniors are required to take Physical Education 301-302 and twelve hours in courses numbered above 300. Seniors should take, if necessary, four or more courses numbered above 300.

Departmental Announcements

(New Courses)

Education 407 (3). Philosophy of Education.—An application of the three major points of view of philosophy applied to education—namely, (1) Naturalism in Education, (2) Pragmatism in Education, and (3) Idealism in Education.

English 301-302 (2). Everyday Writing.—Practice in various types of writing designed to meet the needs and interests of the individual student.

English 331-332 (2). Russian Literature in English.—Survey of Russian Literature before 1800; lectures on the more important writers and discussions of their works from the foundation of the romantic school to the advent of Bolshevism: Zhukovski, Dmitriev, Pushkin, Lermontoff, Gogol, Turgeniev, Tolstoy, and others.

History 407 (3). Diplomatic History of the United States.

Music 215-216 (1). Band Music.—Instruction and practice in band music.

Philosophy 403 (2). American Philosophy.—A consideration of the theological-philosophy of Jonathan Edwards and the early Concord School of Neo-Platonists (Alcott, Emerson, etc.); the American Hegelians—Royce and Howison; the American Pragmatists—James, Pierce, and Dewey.

Political Science 101-102 (3). Social Science and Citizenship.—An introductory analysis of the modern age indicating the effect of a machine economy upon man's needs and personality in relationship to the institutional channels through which these needs are fulfilled. Through an understanding of man's collective and individual adjustment as studied in social science and psychology is provided a basis for intelligent citizenship.

Psychology 313-314 (3). Developmental Psychology.—A consideration of the pre-natal development of the nervous system and the body as a whole; the child at birth and his physical growth and motor development; emotional behavior and social reactions; development in childhood and growth of personality into adolescent and adult forms.

Schedule of Recitations

First Semester, 1934-35

Chapel is held in Metropolitan Memorial Church at 10:00 o'clock on Wednesdays. Attendance is required.

Courses are numbered to indicate their place in the four-year program of studies. As a rule, only courses numbered below 200 (except language courses) are open to freshmen; only those numbered below 300 (except language courses) are open to sophomores; those numbered above 300 are designed for juniors and seniors. Seniors taking courses in the 100 group will receive one hour less credit than those courses normally carry.

The figure in parenthesis following a course number indicates the semester credit given for that course. The College reserves the right to withdraw any course for which fewer than four students have registered.

Courses bearing double numbers, like English 101-102, must be continued through the year.

The hours and days of classes are indicated in the following chart. The periods of recitation are designated by figures 1, 2, 3, 4, etc.

Courses marked with a star (*) are offered at the downtown center, 1901-1907 F Street N.W.
